Bright Reflector Downlight Fixture

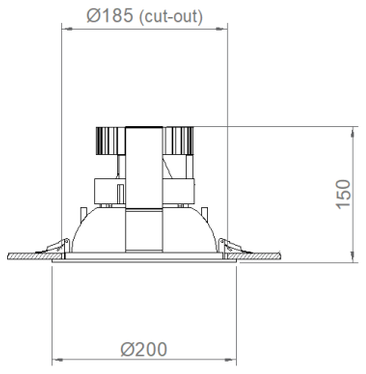

Vivid is an architectural downlight solution that offers controlled and efficient lighting with its deep reflector structure and highly reflective silver reflector.

Designed with a diameter of Ø200 mm, VIVID offers aesthetic solutions to general lighting needs in offices, shops, hotels, educational buildings, and commercial spaces with its simple and modern appearance. The silver reflector structure increases light efficiency while giving the luminaire a professional and technical character.

Thanks to its highly efficient optical system and compact structure, the VIVID Series combines aesthetic appearance with lighting performance in architectural projects, and adapts to project-specific applications with different power and color temperature options.
