Design Turkey Award-Winning Acoustic Lighting Design

REST-R, winner of the Design Turkey Outstanding Design Award, combines acoustic comfort and architectural lighting in a single product with its original design. Developed on a standard linear profile infrastructure, the product offers homogeneous and comfortable lighting while reducing echo in the environment with its circular acoustic felt panels, thus improving the acoustic performance of workspaces.

Its unique round form creates an architectural effect on ceilings, and it can be customized to match the interior concept and corporate identity with different felt color options. It is an award-winning lighting solution that combines aesthetic, technical and acoustic performance for offices, meeting rooms, training areas and social spaces.

RAL 9005 RAL 9006

General Information		Electrical Info		Lighting Technology	
Housing	Aluminum Extruded + Metal Carrier	**Power**	31W	**Light Output Angle**	120°
Optics	Opal Diffuser	**Power Factor**	>0.95	**UGR Value**	UGR ≤ 19
Panel	Acoustic Felt	**Light Source**	SMD Mid Power LED	**CRI [Ra]**	CRI ≥ 80
Paint	Electrostatic Powder Painted	**Cabling**	Halogen-Free	**Color Bin Value**	Mc Adams ≤ 3
Insulation Class	Class I	**Input Voltage**	220-240V AC / 50-60 Hz		
Product Dimensions [mm]	Ø1300	**LED Driver**	Constant Current	**Optional**	
Mounting Type	Pendant	**Ambient Temperature**	-20°C / +50°C	DALI / 1-10V	
Mounting Part	Height Adjustable Steel Wire	**LED Lifetime L70**	>102.000 Hour	CRI>90 , 2700K~6500K , Tunable White	

Order Code	W	Lm	CCT	WxLxH (mm)	Kg

Verilen tüm elektriksel değerler nominal değerlerdir. Işık akısı ve bağlı elektrik yükü +/- %10 luk bir başlangıç toleransına tabidir. Renk sıcaklığı toleransı: +/-150 K.
