Emergency Lighting for Uninterrupted Security

Vital is an IP65 protected surface-mounted emergency lighting fixture designed to support safe evacuation during power outages. Its dust and moisture-resistant construction makes it suitable for both indoor and outdoor applications requiring protection. Offering quick and easy installation thanks to its practical surface mounting structure, the product provides effective lighting in emergencies with its transparent plexiglass diffuser and integrated battery system.

It is an ideal solution for safe evacuation lighting in offices, hospitals, hotels, shopping malls, educational buildings, industrial facilities, corridors, stairwells, and technical areas.
