Circular Recessed Luminaire

Corvus G Series offers a clean and contemporary lighting solution with its solid circular form and recessed mounting structure. Providing uniform and comfortable illumination, it integrates seamlessly with architectural surfaces while maintaining a strong visual identity. Featuring an aluminum body structure and slim profile details, Corvus G delivers a minimal aesthetic that complements contemporary office, commercial and social spaces.

Thanks to our in-house manufacturing capabilities, the Corvus G Series can be produced in various diameters, allowing project-specific solutions beyond standard sizes. With different diameter, color temperature and control options, it offers flexible lighting solutions tailored to architectural concepts and design requirements.
