

TINY-T

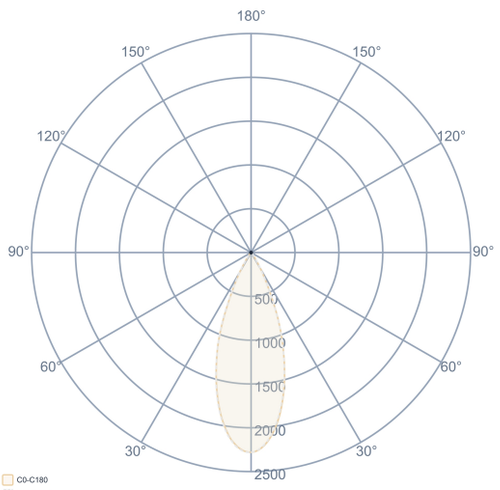

05212

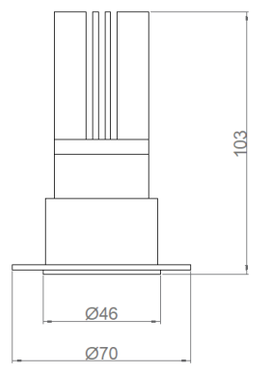

Trimless, Architecture-Friendly Minimal Spot Lighting

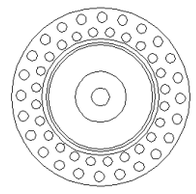

Tiny-T is an ultra-compact spotlight solution with a Ø46mm body diameter and trimless mounting structure, providing an almost invisible integration with the ceiling surface. Thanks to its frameless, plaster-free design, it seamlessly blends with the ceiling, allowing architectural details to stand out.

Despite its small size, it creates a powerful accent effect. Its aluminum body and efficient cooling system ensure long-lasting and reliable performance, while its minimalist design adds an aesthetic touch to modern interiors. It is developed for luxury residences, boutique shops, hotels, galleries, museums, and prestigious architectural projects. With trimless ceiling systems, it maintains a clean ceiling appearance and offers an elegant lighting experience where only the light is felt.
