Powerful and Elegant Lighting in Trimless Architecture

LILYUM YT-100 is a recessed spotlight solution that creates a seamless integration with the ceiling surface thanks to its Ø100mm body diameter and trimless mounting structure. Its frameless design offers a simple and aesthetic look where only the light is visible on the ceiling, while its high-performance optical structure provides powerful accent lighting.

The deep reflector design and high-efficiency optical system conceal the light source, enhancing visual comfort and creating a low-glare lighting experience. Its robust aluminum body and efficient cooling system ensure long-lasting and reliable performance. It offers an ideal solution for luxury residences, hotels, shops, art galleries, museums, and prestigious commercial projects. It is fully compatible with trimless ceiling systems, combining minimalist architectural design with high lighting performance.
