WATERLINE 070-IP54

01193

IP54 Linear Lighting Luminaire

The Waterline 070 Series is an aesthetically pleasing linear lighting solution offering IP54 protection thanks to its special silicone-sealed diffuser design. This unique structure provides high resistance to dust and moisture while creating a homogeneous and comfortable light distribution. Thanks to its double-cover design, the mounting screws are not visible from the outside. The sealing system, compressed with the inner cover, ensures a watertight seal, while the outer cover gives the product a simple and integrated look. A transparent inner cover option allows for uninterrupted lighting in linear applications.

It offers a reliable lighting solution for metro stations, high-speed train platforms, tunnels, pedestrian crossings, and outdoor eaves applications.

General Information		Electrical Info		Lighting Technology	
Housing	Extruded Aluminum Profile	**Power**	18-65W	**Light Output Angle**	110°
Side Cover	PC Injection	**Power Factor**	>0.95	**UGR Value**	UGR ≤ 22
Optics	Silicone Sealed Extruded PC	**Light Source**	SMD Mid Power LED	**CRI [Ra]**	CRI ≥ 80
Paint	Electrostatic Powder Paint	**Cabling**	Halojen-Free	**Color Bin Value**	Mc Adams ≤ 3
Product Dimensions [mm]	70(W) x 82(H)	**Input Voltage**	220-240V AC / 50-60 Hz		
Mounting Type	Surface and Pendant	**LED Driver**	High Efficiency Constant Current Output	**Optional**	
Mounting Part	Height Adjustable Steel Wire, Spring Steel	**Ambient Temperature**	-20°C / +50°C	DALI / 1-10V	
		LED Lifetime L70	>50.000 Hour	CRI>90 , 2700K~6500K , Tunable White	
				Emergency Lighting Unit	

Order Code	W	Lm	CCT	L (mm)	Kg
