Elegant Solution for Mirror and Picture Lighting

Reed is a modern wall sconce solution developed for mirror, picture, and decorative surface lighting, with its slim cylindrical form and elegant chrome-plated design. Thanks to its symmetrical light distribution and wide 120° beam angle, it provides homogeneous and comfortable lighting on surfaces.

Available in chrome or matte chrome body options, the product adapts to different interior designs and enhances the natural appearance of illuminated objects with its low glare and high color rendering index. Combining aesthetics and functionality in hotel, residential, gallery, bathroom, and decorative wall applications, Reed adds an elegant touch to spaces with its simple design.
