Cylindrical Surface Mounted Lighting Fixture

The Glow series is a surface-mounted downlight solution that combines aesthetics and performance within an elegant, compact form, featuring a sheet-metal housing. With its minimalist design and uniform light distribution, it provides comfortable illumination for offices, retail stores, hotels, educational facilities, and various commercial spaces. Its compact, direct-to-ceiling mounting design offers a stylish and functional solution, particularly for projects where recessed installation is not feasible.

Available in diameters of Ø200mm and Ø250mm, it adapts to diverse ceiling heights and lighting requirements. A variety of power ratings, color temperatures, and control options allow for the creation of tailored lighting scenarios specific to each project.
